

AEROSPACE LIVES HERE

Ontario is a place where global giants expand their operations and suppliers export the highest quality parts at competitive prices. Ontario manufacturers are part of the global supply chain for virtually every passenger aircraft in the world, and the aerospace industry works closely with academia to develop and commercialize new products and technology.

Home to leading aerospace and space companies, Ontario is a world leader in producing avionics, aerostructures, landing gear, MRO and modifications, aircraft engines, comprehensive unmanned aerial systems, and space systems and satellites.

THE TOP 5 REASONS TO CHOOSE ONTARIO

1. TALENT

Ontario's number one advantage is its people. Some of the best and brightest minds choose to call Ontario their home. In fact, 69% of adults possess a post-secondary education – a rate higher than any OECD country.

2. INNOVATION AND RECOGNIZED QUALITY

Ontario has one of the most unique and collaborative innovation ecosystems on the planet where business, academia and government work together to drive revolutionary ideas to market.

3. COMPETITIVE COSTS

Ontario has some of the lowest corporate tax rates in North America where small and medium-sized manufacturers can also save up to 50% on their after-tax R&D expenditures. Global customers can source high quality products that are extremely cost competitive.

4. ACCESS TO GLOBAL MARKETS

Open for business to the entire world, Ontario has free trade agreements with 50 countries and is only a short distance from major U.S. hubs.

5. DIVERSITY

Ontario has welcomed people from over 150 countries and over 200 languages are spoken here. Ontario also has a highly diversified economy with a wide array of industry sectors.
