BREAKTHROUGHS IN BLOCKCHAIN

The Blockchain Research Institute (BRI) is an independent, global thinktank that brings together the world's top researchers to undertake ground-breaking research on blockchain technology. Funded by members that include international companies and government agencies, BRI research projects delve into the strategic implications of blockchain on business, government and society.

THE TOP 5 REASONS TO CHOOSE ONTARIO

1. TALENT

74% of working adults possess a post-secondary education

2. INNOVATION ECOSYSTEM

Business, academia and government work together to drive bold ideas to market

3. COMPETITIVE COSTS

Some of the lowest corporate taxes in North America
Save up to 50% on after-tax R&D expenditures
Source high quality products and services that are extremely cost-competitive

4. ACCESS TO GLOBAL MARKETS

A short distance to U.S. hubs
15 free trade agreements with 51 countries

5. DIVERSITY

People from 150 countries
Over 200 languages spoken

Achieving a unicorn valuation from some of the world's most respected investors is not only an exciting moment for us, but an exciting thing for the Canadian technology scene. As a business, we think it's a huge validation of what we've built, and more importantly, where we're going."

MIKE KATCHEN
CEO
