

# YOUR ADVANCED MANUFACTURING PARTNER

Ontario is embracing the ever-evolving advanced manufacturing industry and reshaping it at every step by integrating the latest ideas and technologies. As the manufacturing powerhouse of the nation, we account for nearly half of Canada's manufacturing GDP, with job growth projected to be 2.7% year-over-year.

With 44 colleges and universities ensuring that our graduates have every knowledge needed to adapt to this evolving landscape, we have one of the most skilled workforces in the world.

Our province is embracing the ever-evolving nature of advanced manufacturing, integrating the latest ideas and technologies to continuously push the boundaries of what's possible making us the ideal spot for businesses to be at the forefront of the next era of advanced manufacturing.
